2. Chronology of significant events

Shared Chronology (to add another row – place cursor in the last box in the table and press tab ‘↵’ on your keyboard, headings repeat to next page automatically)					
Date and Time of event	Significant Event	Source of Information	Action taken/Actual Outcome	Practitioner name, title, agency and date	Event Code
<i>Date and time the event happened should be recorded</i>	<i>A brief description of the event should be recorded here. Language should be plain English, clear and concise, so that the chronology improves understanding and supports good decision making.</i>	<i>Information in the chronology should be current, factual and from a reliable source. Record where information has originated e.g. professional, neighbour, friend, relative or child themselves</i>	<i>This may be simply monitoring or increased observation, reported to named person or a very short statement of action. Narrative should be in the child's file, record or clinical notes</i>	<i>It is important to record the date name, title, and agency of the practitioner who entered the significant event onto the single or shared agency chronology</i>	<i>This can include a traffic light system; Red for alerts or Negative outcomes. Amber for significant events. Green for positive outcomes</i>
